Easthampstead Park Conference Centre

‘Ensuring Quality - The Pursuit of Happiness’

Agenda, speakers and how to book can be found at the dedicated website

<https://crmervices.wixsite.com/bfcg20>

This year the focus is on wellbeing and mental health within schools. We have a new Ofsted Framework being implemented looking at the curriculum as a whole, reducing workload for teachers and wellbeing and mental health of both pupils, staff and the community.

We want to ensure school governors, as the strategic leaders, are up to date and confident to ensure their schools are places people want to be and ensuring you are fulfilling your responsibility to look after the wellbeing of your Headteacher.

We have a range of speakers to inspire and develop you as governors. You will also have the opportunity to network with colleagues.

Governors (including HeadTeacher), associate members and clerks can attend by booking a place. Two places are offered free per school as part of the Governor Services SLA with a small charge for additional attendees. £20 for additional governors and £10 for additional clerks.
