Dear Cath,

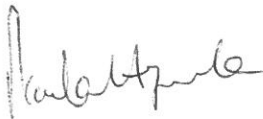

**College Town Junior School - School Fund Community and Business
Premium Accounts**

I report on the accounts of the above-named organisation for the period 1st September 2017 - 7th November 2018, after which the accounts were closed. I understand that the balances were transferred to the College Town Primary School fund account.

I have carried out an independent examination of the accounts which you have prepared. My examination included a review of the accounting records kept by you and a comparison of the accounts presented with those records.

In connection with my examination, I am satisfied that the accounting records have been kept and the accounts prepared in a suitable manner. I have not encountered any aspect of the accounts which gives me cause for concern, and I believe that the prepared accounts represent a satisfactory record of the transactions of College Town Junior School Fund for the period 1st September 2017 - 7th November 2018.

Yours sincerely

Mrs Paula Zymela
