Year 2 Geography: Would you prefer to live in a hot or cold place?

Subject Specific Vocabulary	
Equator	An imaginary line around the middle of the Earth. It divides the Earth into the Northern and Southern Hemispheres.
Human feature	Something made or built by people.
Ocean	A huge area of salt water that covers much of the Earth.
Rural	A place in the countryside, with lots of open space, fields or farms.
Climate	The usual weather of a place over a long time.
Country	An area of land with its own name, people and rules.
Physical feature	Something natural that is part of the Earth and was not made by people.
Temperature	How hot or cold something is.

Homework Options – Due Friday 11th December

Task 1 – Make a model of a physical feature that you would find in a hot or cold place in the world.

Task 2 – Choose 2 of the continents and write some facts about each.

Task 3 – Record and describe the weather for 7 days.
