Autistic Thriving at School and Beyond

As part of the University's centenary celebrations, we are hosting a free public hybrid (in person and online) event on the evening of 6 May on the theme of Autistic Thriving at School and Beyond.

Join us for an evening that brings together autistic children and young people, their families, students, professionals and researchers to explore what supports autistic children to flourish in education and everyday life.

The event will include talks from:

- **Professor Elizabeth McCrum, Pro-Vice Chancellor (Education and Student Experience) at the University of Reading**
- **Dr Fiona Knott and Dr Jo Billington, Wellbeing Hub project leads**
- **Andy Smith, founder of Spectrum Gaming, and a passionate advocate for young people's voices in education.**

For in person attendees, there will also be an opportunity to review a poster presentation of current autism research from academics and students in the School of Psychology and Clinical Language Sciences. Refreshments will be provided.
